

Anti- Hemagglutinin Protein H (CDV)

| | |
|----------------|---|
| Product Name | Anti- Hemagglutinin Protein H (CDV) |
| Catalog No | IT-007-003M1 |
| Source | Mouse monoclonal antibody, clone 17E10 |
| Isotype | IgG2b |
| Formulation | Each vial contains 100 µg purified IgG in 100 µl PBS with 40% glycerol. |
| Immunogen | DNA vaccine expressing hemagglutinin protein H (Canine distemper virus/strain Onderstepoort)(a.a.144-604)(Gene Bank Accession No.AAK54669)(IT-007-003p) |
| Applications | Neut., ELISA, IP, IF etc. |
| Epitope | Conformational |
| Specificity | Reacts with H (Canine distemper virus) protein. Cross-reactivity not determined. |
| Storage | Stable for 6 months at 4°C from the date of shipment. For long term storage, aliquot and freeze at -80°C. Non-hazardous. No MSDS required. |
| Use Limitation | For research use only, not for use in diagnostic procedures. |
